

## AEROBAR TWO / AEROBAR THREE SETUP SUPPLEMENT

### CERVELO EX10 RISER KIT

The Cervelo EX10 AB01 / AB02 basebar adapter is designed to function with the original Cervelo EX10 angle adjustable interface. Use the supplied M6 x 16 mm low head cap screws and OE tilt adjustment plate. We recommend the application of MOTOREX Bike Grease for the screws connecting the basebar adapter.

**NOTE:** The bar adapter screws have a suggested torque of **6 Nm**.
